

Windows®. Life without Walls™.  
HP recommends Windows 7.

# ENJOY OVER 1,000 FREE\* SONGS ON YOUR INTEL-POWERED HP NOTEBOOK

\*Terms and conditions apply.

Only valid for Intel-powered HP ENVY, HP Pavilion, HP Mini or HP TouchSmart notebook PCs in eligible countries during the promotion period and registered by 31 October 2010.

1,000 songs can be downloaded to listen to for up to a year; and 120 can be downloaded to keep.

Windows®. Life without Walls™.  
HP recommends Windows 7.

The new HP Mini 210 measures smaller than most textbooks, yet, surprise, surprise, there's room for lots of fun. There's the Dolby® Advanced audio for pristine sound and the 10.1-inch diagonal BrightView Infinity Display for vivid sights. A battery that lasts 10.5# hours so you can email, browse, and chat all day, all night. The HP Navigator comes with optional GPS^ to help you get around. Oh, and four different sleek finishings for you to choose from. The little wonder is filled to the brim with multiple features, yet small enough to go wherever you go. Which shouldn't come as a surprise, really.

MAKE MINE AN HP MINI

# ITS TINY SIZE ISN'T THE BIGGEST SURPRISE.

THE COMPUTER  
IS PERSONAL  
AGAIN.

## HP Mini 210

## FEATURES AT A GLANCE

### Dynamic inside and out

The ultra-compact HP Mini 210 lets you blaze through the Internet, photos, music and more with HP QuickWeb, and its near full-sized keyboard and touchpad with gesture support. And if making a statement with its performance is not enough, flaunt your personality with one of four vibrant shades – Luminous Rose, Ocean Drive, Charcoal and Crimson Red. How's that for a start?

### Made to move like you do

Powered with up to 10.5# hours of battery life, you can email, browse or chat all day long. But that's not all. You will be free to update files on the go and sync to your main PC when you get home with HP QuickSync. Plus, when you're out and about, HP Navigator with optional GPS^ feature is with you every step. Just in case you need some directions for your fast-paced lifestyle.

### Big on play

It's entertainment central in one nifty package. Be wowed by vivid sights that jump at you from the HP BrightView Infinity Display. Share a smile or a laugh with friends and family with the built-in webcam and microphone. Create, manage and share your photos, music and videos easily with HP Media Suite. Mini size, mega fun!

Four trendy, eye-catching colours

All-day computing of up to 10.5 hours on a single charge with 6-cell battery

Dolby® Advanced Audio for impressive music and movie playback

Vibrant 10.1-inch diagonal HP HD^ BrightView Infinity display

# Battery life is based on a 6-cell battery and will vary depending on the product model, configuration, loaded applications, features, use, wireless functionality (including the wireless functionality) and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See MobileMark07 battery benchmark [www.bapco.com/products/mobilemark2007](http://www.bapco.com/products/mobilemark2007) for additional details.

^ GPS access requires an unobstructed path to multiple satellites. Performance may be affected if/when used inside of buildings, bridges or heavily congested metropolitan areas.

∅ 10.5 hours of battery life is only applicable for 6-cell battery

> HD is an option – configurable

# GET THE LATEST HITS FROM UNIVERSAL MUSIC FOR FREE\*!

Want to expand your music library with free\* tracks from Lady Gaga, Black Eyed Peas, Bon Jovi and more? Create a playlist with songs from today's hottest artists for any mood, occasion or season. Simply purchase from a range of select HP notebooks and register them by 31 October 2010 and enjoy over 1,000 music downloads\* from the website at [www.music4myHP.com](http://www.music4myHP.com) – absolutely free\*!

\* Terms and conditions apply. 1,000 songs can be downloaded for listening for up to a year; and 120 songs can be downloaded for keeping permanently. The HP-Universal Music free music download promotion is valid for Intel-powered HP ENVY, HP Pavilion, HP Mini and HP TouchSmart Notebook PCs in eligible countries during the promotion period and must be registered by 31 October 2010. ### WHY HP NOTEBOOKS?

#### It gets even better

Get that entertainment boost. Enjoy more battery life. Increase your comfort with gadgets that won't weigh you down. Whenever you're ready for more, opt for Original HP Accessories and we've got it covered!

#### Keen on being green

We want a healthy Earth. By recycling and reducing the amount of materials used in building our PCs, we've saved enough metal in 18 months to build another Eiffel Tower. We like doing our part.

#### Totally in good hands

Rely on HP Total Care to keep your digital lifestyle in top condition. With 24/7 web support, service and updates at every stage of your computing experience, you'll never be left high and dry.

#### Power-packed to go

Gear up for a truly mobile lifestyle. Count on top-of-the-line chipsets, secure hard disks and loads of today's advanced components for high performance on the go. You demand it. You certainly deserve it.

1. GHz refers to internal clock speed of the processor. Other factors besides clock speed may impact system and application performance.
2. Intel's numbering is not a measurement of higher performance. Dual/Quad/Triple Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without Intel 64 architecture enabled BIOS. Performance will vary depending on your hardware and software configurations. See [www.intel.com/infor/em64t](http://www.intel.com/infor/em64t) for more information.
3. This system may require upgraded and/or separately purchased hardware and/or a DVD drive to install the Windows 7 software and take full advantage of Windows 7 functionality. See <http://www.microsoft.com/windows/windows7/> for details.
4. High definition (HD) content is required to view HD images.
5. For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 12GB of system disk is reserved for system recovery software.

6. Internet access required and sold separately.
  7. Wireless access point and internet access required and sold separately. Availability of public wireless access points limited.
  8. The specifications for the 802.11n WLAN are draft specifications and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the notebook to communicate with other 802.11n WLAN devices.
  9. Mini/Reduced flash memory cards require separately purchased adapter.
  10. Battery life will vary depending on the product, model configuration, loaded applications, features and power management settings. The maximum capacity of the battery will decrease with time and usage.
- # Only available in selected countries.  
^ Software may vary in different countries.  
## Purchase a Product Key to activate a full Microsoft Office 2010 suite.
